WELCOME TO “A NIGHT AT THE MOVIE MUSICALS: SHOWCASE”

LAUREN MCKINNON
ARTISTIC DIRECTOR

Welcome to “A Night at the Movie Musicals”, the inaugural showcase for Stars and the Moon! Tonight, we celebrate not only the magic of music theatre, but also the extraordinary talent and passion within our all-abilities community.

Over the past five weeks, our cast have embarked on a transformative journey through an intensive, tailored workshop series. Guided by award-winning creatives and mentors, they explored every facet of musical theatre—acting, singing, dancing, movement, accent/dialect and more. These sessions didn’t just build skills; they forged connections, sparked creativity, and empowered every artist to shine.

TYLA CHAPMAN
PROGRAM MANAGER

It has been an absolute joy to welcome so many new creatives into our community through this project, including many who proudly identify as neurodivergent and/or living with disability/disabled. Their participation has enriched our artistic family, fostering fresh perspectives and vibrant creativity. This inclusivity is not just a cornerstone of our mission but a vital step in strengthening industry connections as we continue to soar to new heights as a theatre company.

At Stars and the Moon, we believe in the power of storytelling to unite and inspire through our unique castmate model. Our mission is to create spaces where everyone, no matter their ability or support requirements, feels seen, heard, and valued. Through high-quality learning opportunities and inclusive performances like our showcase, we strive to redefine what theatre can be: a place where every voice matters and every star gets their moment in the spotlight.

Thank you for joining us for this exciting new chapter. Sit back, relax, and let the lights, camera, and action transport you into a world of movie musical magic and joy.

We are thrilled to share this moment with you!

Lauren ✨ & *Tyla* 🌙
